## DOON HOSPITAL GETS MRI MACHINE PATIENTS TO PAY ₹3500

The Government Doon Medical College and Hospital (GDMCH) has started the MRI diagnostic facility, becoming only public hospital in the state capital to provide the service. The machine was approved for purchase by the hospital authorities a couple of years ago but it got installed recently. "The MRI started functioning on

Monday and nearly 30 diagnostic tests were conducted on the first day itself. Every scan takes about 30 minutes on an average," said chief medical superintendent, Dr KC Pant. The MRI at Doon Hospital will cost Rs3,500 to patients against Rs 9,000-12,000 charged by private facilities. Meanwhile, facilities like endoscopy, EEG, bronchoscopy are still lacking at the hospital. Officials claim that as the specialized departments are expanded at the hospital, these facilities will also be started.

## DAILY COVID CASES DROP FROM 3000 TO 170 IN UTTARAKHAND

In less than a month, Covid cases in Uttarakhand have come down from an average of 3,000 infections per day to around 170. However, the testing has also gone down from around 30,000 samples per day to less than 10,000. The hill state was recording about 4,000 fresh cases daily in the first week of February. Accordingly, the testing had also been increased to above 25,000. Similarly, as the new cases reduced, daily testing also went down. On Thursday, 171 fresh cases were reported in the Himalyan state, bringing the number of active cases to 1,079. The state also recorded one Covid-related death – reported in Dehradun – on Tuesday. The sample positivity rate was calculated at 1.61%. The state conducted 9,622 Covid tests on the day. A majority of Covid-related deaths are taking place in cases where patients were suffering comorbidities, they added. The state government has removed several pandemic restrictions, including night curfew and the cap put on gatherings at public places and commercial establishments.

## COVID TESTING STOPPED AT UTTARAKHAND BORDERS

In the wake of steadily declining Covid-19 cases across Uttarakhand, testing at borders has been stopped completely for now. Travellers no longer need to carry a negative RT-PCR or fully-vaccinated report, said authorities. This comes days after the hill state lifted the night curfew.

## UTTARAKHAND HIGH COURT SEEKS REPORT ON HEALTHCARE FACILITIES

The Uttarakhand high court has directed district Covid coordination committees to make on field assessment of healthcare facilities being provided across the state as claimed by the health department on its website. A division bench of acting chief justice SK Mishra and Justice NS Dhanik gave these directions on Tuesday while responding to an application filed by Shiv Bhatt, counsel of Sachdanand Dabral and Rajendra Arya related to various issues regarding the fight against COVID-19 epidemic in the state. Bhatt said the court has sought report from district COVID committees on healthcare facilities being claimed by state health department on its website. "I urged the court that district Covid committees should check this and the court has directed them to submit report to it by March 8, when the matter will be heard again," he said. On September 23, 2021, the HC had directed the state government to appoint monitoring committees in all 13 districts of the state to check the condition of treatment facilities for COVID patients in hospitals, quarantine centres. The court had directed that the monitoring committees will appraise it about the situation in the state every week.
